

# Marketing / Documentation Projects

**The proposal period for 2022 internships is now closed**  
**The proposal period for 2023 internships will open in November 2022**

These projects are designed for students who would like to contribute to the HPCC Systems Open Source Project in a way that does not involve coding using a programming language. These are the projects available:

- [Technology Marketing and Branding](#) - **Already taken**
- [Documentation - Data Patterns](#) - **Already taken**
